

**Nethrodaya**  
LET'S SHARE THE LIGHT

# The Eyeopener...

Annual News Magazine

2014 - 2015

Those who DON'T have eyes  
can also see!

It's not in seeing...but what is behind our seeing that makes us who we are. Here is a glimpse of the vision of some very special people without vision. Nurtured by Nethrodaya, these people have achieved in one lifetime what would take most others many lifetimes to achieve!

Best Institution Award to Nethrodaya

Best Social Worker Award to C. Govindakrishnan

## **Founder's Desk**

***C. Govindakrishnan***

I feel proud and honored to be a servant of the Differently-abled Community. Serving the differently abled gives me immense joy and happiness. I strongly feel that my visual impairment is my inspiration. If I had been a sighted person I would not have thought of establishing an Institution of this magnitude for the visually impaired. I always believe in converting problems into opportunities which is the only way to see success in everybody's life .My humble beginning has taught me many lessons and these have made me gain confidence in myself .Today I look back all my

past fruitful and eventful days which are unforgettable and memorable. People from all walks of life as well as the State Governments recognized me .I feel privileged for receiving awards from Dr. Karunanidhi and Selvi. Jayalalithaa, both the Chief Ministers, in recognition for the outstanding services to the Differently abled Persons and for appointing me as member in various Governments constituted committees. All these achievements are due to the constant encouragement and support of innumerable volunteers, well wishers, donors, and other supporters. I thank them whole heartedly for their continuous support. Their encouragement and motivation have given me the much required assurance to carry on steadfast with our mission.

Our future endeavors will make the differently abled to lead a dignified life and our constant monitoring and support will ensure coverage of many more underprivileged visually impaired with utmost sincerity and total commitment.

### **Our Student Achievers**

Nethrodaya runs a free residential resource center for visually impaired college going students who hail from villages. More than 1000 students have benefitted under this initiative of Nethrodaya during the past 13 years. So far around 850 students of Nethrodaya have secured jobs in various government departments and in private sector. We are proud of these outstanding student achievers of Nethrodaya. In the year 2015, many students of Nethrodaya secured jobs in various sectors, to name a few.

#### **Dr K Muruganandan**

Mr K Muruganandan, a visually impaired ,hailing from a remote village in Karur district ,was a student resident of

Nethrodaya home for 3 years to pursue his graduate studies in English literature. He later pursued his doctoral Degree Program in Pondicherry University .He has been appointed as an assistant Professor, English ,in the Thiruvalluvar University College of Arts and Science, Kallakurichy in August 2015. Recalling his unforgettable period of stay as a student at Nethrodaya ,Dr Muruganandam says " I felt very homely with Nethrodaya which gave me everything that I desired for my all round development of my personality,to name a few, development of my computer skills, proficiency in spoken English , in depth knowledge of Tamil Literature and a fully equipped visually impaired friendly resource center. I am really overwhelmed by the care and love given to me during my stay at Nethrodaya "

#### **Dr R Jayabalan**

Mr R Jayabalan ,a visually impaired ,belonging to a interior rural village of Baganathham in Karur District was a student in Nethrodaya for 4 years to pursue his Master's Degree in Tamil Literature and M.Phil Degree in Tamil literature .He later became qualified as B.Ed graduate and on top of all has pursued and successfully completed his doctoral degree . He appeared for the TNPSC Group 2 A competitive examination and on the basis of his successful performance he has been appointed as Assistant in Police Department, District Police Office, Karur.

" I entirely owe my all round growth to Nethrodaya .I learnt many life enhancing skills such as computers ,general awareness ,etc .I really admire the way in which Nethrodaya is taking keen interest in my career and my welfare even today " reminisces DR Jayabalan on his student days with Nethrodaya

## **IN HOUSE SERVICES**

### **Nethrodaya's Special Higher Secondary School for the Blind**

Our Special School, recognized by Government of Tamilnadu is established in the year 2012 and has been running successfully for the past three years. The school exclusively serves the visually challenged boys and girls who hail from rural and economically backward villages of Tamil Nadu. The students are provided quality education including residential boarding facility completely free of cost.

Our school is equipped with various in house facilities for the students like

#### **Digital audio library:**

Not always our students can have someone read out their lessons again and again. Nethrodaya's Digital audio library offers numerous digitally recorded audio books on school text books, competitive study materials, higher education books, special education text books where students get an opportunity to listen to the recordings repeatedly and memorize for the exams. This greatly reduces their dependency on other sources.

#### **Computer lab:**

World is getting more digitized, so our students should get equipped too. Nethrodaya offers computer training on MS Office and Internet basics to students thereby to empower them with technological skills to improve their employment prospects. The lab is equipped with voice enabled screen reading software and a digital Braille printer for better utilization and access.

#### **Gymnasium:**

To improve health, Stay fit and lead a healthy life, Nethrodaya is equipped with a fully functional gym with a trainer. Students do utilize the facility on a regular basis; boys and girls are given different timings.

**Yoga classes:**

To improve concentration and excel art of quality living, the school conducts regular yoga classes on meditation, breathing exercise and asanas for the students.

**Music and instruments:**

Visually challenged are great musicians of all time in history. Nethrodaya appreciate student talents and provide various trainings in vocal music and musical instruments to improve their employability in music field and become self-reliant.

**Academic achievement:**

Nethrodaya is proud to announce that our school student Master.S.Ashok Kumar is a district topper among visually challenged students in 12<sup>th</sup> standard board examination conducted in March 2015. This Recognition goes to all the dedicated efforts and support from the school management, teachers and hard work of the student.

## **OUT REACH PROGRAMMES**

“Be the change, you want to see around” – Nethrodaya has taken up number of initiatives to bring out the positive change for the welfare of visually impaired community.

### **Educating Children of Visually Challenged Parents**

Nethrodaya trust provides financial assistance to educate children of visually impaired parents, so that the children will be able to take care of the visually challenged parents well in their old age. More than 200 such children are getting benefitted by this initiative every year.

### **Self-Employment of Visually Challenged Economically Backward Families**

Nethrodaya trust provides seed capital to families of unemployed visually challenged whose day to day survival proves to be a huge challenge. The trust provides marketable products to visually challenged persons who they sell in trains and a get substantial income on a daily basis thereby paving a way for them to lead a dignified life.

More than a 1000 visually challenged people and their families have been benefitted by this initiative in the past 13 years.

### **Individual Cattle Rearing Unit for Visually Challenged Families**

Nethrodaya trust lends a helping hand to the uneducated visually challenged people from remote villages of Tamil Nadu by donating a hybrid cow with a female calf. This helps economically backward families to get a stable income and lead their life with self-esteem.

More than a 100 visually challenged families from more than 20 districts of Tamil Nadu have been benefitted by this initiative in the past 13 years.

## Medical Services for the Visually Challenged

Nethrodaya trust runs a 24\*7 free medical help line to provide quality medical services to the visually challenged people. The trust has tie up with hospitals and helps to meet the expenses ranging from bearing hospitalization expenses to providing surgical aid for medical problems which go far beyond the visual realm.

More than a thousand people have been benefitted by way of medical assistance through Nethrodaya in the past 13 years since inception.

Helpline No: 04426533680

### A FEW GLIMPSES OF OUR MEDICAL SERVICE

“He who has health has hope, and he who has hope has everything” – Nethrodaya helps visually challenged people to get everything through health.

#### Mr. S. Paranjothi

Mr. Paranjothi a visually challenged person from Vandavasi lost his vision when he was 12 years old. He makes his living by selling stationary items near a government school. While crossing the road on his own he slipped and fell into a manhole injuring his legs very badly. The primary treatment given at his village could not suffice. He required further treatment to help him walk again. With one of the legs fractured, he could not even move out of his vehicle when he came to Nethrodaya. We immediately admitted him in the Hindu Mission Hospital and the doctors advised for an immediate surgery for both the legs. Nethrodaya extended all the required assistance. The surgery was carried out successfully and he is able to walk again as before.

#### Mrs. KasthuriMurugan

A visually challenged couple Mr. Murugan and Mrs. Kasthuri from Ennore reached out to Nethrodaya requesting medical support for Mrs. Kasthuri who had excruciating stomach pain for few months. The trust arranged for her admission in Hindu Mission Hospital and the patient was diagnosed with liver failure which was termed irreparable and irreversible. She was given treatment till her demise. Thanks to the Hindu Mission hospital who waived hospitalization charges. The cost of medicines and consumables was borne by the trust. Upon discussing the cause for liver failure the doctors explained that Mrs. Kasthuri had jaundice which was not detected and treated at an early stage due to her visual impairment. The yellowness in eyes could not be seen as her eyes were shut always and she could not see the color of her urine too. The health of visually challenged women is more complex and every effort must be made to detect symptoms and to provide quality medical treatment.

## **EVENTS**

### **Nethrodaya College of Special Education**

Nethrodaya College of Special Education was inaugurated in August 2015 by Justice Raja of Madras High Court and Selvi. Apoorva IAS, Secretary of Higher Education Department. The college is affiliated to Tamil Nadu Teachers Education University and is approved by the Rehabilitation Council of India.

The college offers B.Ed. in Special Education, a course for the visually challenged / physically handicapped. Additionally students are provided with boarding facility completely free of cost.

### **DONORS**

“It's not how much we give but how much love we put into giving.” - Mother Teresa

Nethrodaya is run with the funds collected from the general public by way of donations and the support extended by volunteers and well-wishers. We thank our donors from all strata of the society for helping us run this organization to enlighten the lives of visually challenged community.

### **A FEW OF OUR DONORS**

#### **Mr. SENTHIL KUMAR**

We met Mr. Senthil Kumar during one of our official visits to the Pollution Control Board. Mr. Senthil Kumar who works as an Office Assistant showed keen interest in the activities of Nethrodaya and came forward to volunteer in spare time and holidays. He enthusiastically donated a sum of Rs. 500 with a generous mind to share the little he has with those less privileged than him. Nethrodaya salutes the generosity and kindness of persons like Mr. Senthil Kumar who inspire young people to lend a helping hand to the disadvantaged sections of the society.

#### **Dr. C. SILENDRA BABU IPS**

Dr. C. Sailendra Babu IPS is well known for his inspiring speeches and soul stirring articles in leading magazines. He has written thought provoking books for youngsters. He came to know of the yeomen services rendered by Nethrodaya and decided to donate the royalty amount from the publishers of one of his books. This act of compassion reveals his simplicity, contentment and his deep concern for the welfare of the underprivileged. Nethrodaya salutes Dr. C. Sailendra Babu for his empathy and support for the visually impaired community.

#### **Volunteering:**

Donating our eyes is impossible, where donating cornea only cures corneal blindness yet so many other kind of blindness that don't find a cure. So, can we donate our eye sight while we are still alive? We say “Yes, it is possible - by volunteering for reading service at Nethrodaya”. Committed volunteers offer various services to our school by helping our students in reading books, writing assignments, recording lessons and being a scribe for their exams. We are looking for more volunteer support to assist our students to achieve more.

#### **Volunteering Timings**

**Weekdays: 3:00PM to 6:00 PM   Weekends: 10AM to 1PM**
